

**ROLES AND FUNCTIONS**

**COMC OVERSEES THE SUPERVISION, REHABILITATION AND REINTEGRATION OF EX-OFFENDERS IN THE COMMUNITY.**

## COMMUNITY CORRECTIONS COMMAND (COMC)

# REHABILITATION AND REINTEGRATION EFFORTS BEYOND PRISON WALLS

COMC is the operational unit dedicated to the supervision and rehabilitation of ex-offenders in the community. Together with community partners, volunteers and other Home Team agencies, COMC works towards reducing re-offending and helping ex-offenders reintegrate successfully as contributing citizens.

### KEY WORKPLAN INITIATIVES

#### MOVE TO LLOYD LEAS COMMUNITY SUPERVISION CENTRE (LLCSC)

Singapore Prison Service (SPS) officers and residents at the Selarang Park Community Supervision Centre moved to the LLCSC to make way for the development of the Selarang Park Complex. The move, which took many months of planning and coordination, was successfully completed on 5 March 2015.

#### RE-ORGANISATION OF COMC

In June 2015, COMC underwent a re-organisation to strengthen its foundation to be future-ready and sharpen its focus on different regimes. The Community Supervision and Rehabilitation Branch (CSR) manages inmates who are emplaced on Community Based Programmes (CBP) before the inmate's release, focusing on the supervision and rehabilitation of inmates as they start their reintegration journey. The Community Rehabilitation and Reintegration Branch (CRRB) manages inmates after their release, like those on the Mandatory Aftercare Scheme (MAS), as well as those who have been placed on Day Release Order, focusing on their reintegration into the community.

## UNIT HIGHLIGHTS

### PS21 STAR SERVICE AND OCOL AWARD WINNERS FROM COMC

2015 has been a fruitful year for COMC. S/Sgt Nurinbariah and MX 11 Norriyanah were awarded the prestigious PS21 Star Service and Outstanding Captain of Lives (OCOL) Awards respectively.

#### 2015 PS21 STAR SERVICE AWARD RECIPIENT: S/SGT NURINBARIAH

Nurinbariah (or Nurin for short) recalled the challenges faced as a Reintegration Officer. While managing the youths released under supervision, Nurin had to deal with the troubles they encountered with wayward peers and distressed families. Nurin remembered a family who refused to visit or acknowledge a youth under her charge, and worked with the Community Rehabilitation Specialist and caseworker to reconcile the youth with the family.

Nurin also went the extra mile to find suitable accommodation and appropriate jobs for the youths to support themselves and their families. Nurin knew her role was important in their reintegration journey and recognised that patience, perseverance and effort were needed.

Nurin is grateful for the support and encouragement from her team, which enabled her to attain the PS21 Star Service award.

#### 2015 OCOL AWARD RECIPIENT: MX 11 NORRIYANAH

The OCOL award is given to SPS officers who have displayed exceptional passion and dedication in their work as COLs, and serves to inspire others to do likewise.

Norriyanah (or Yanah for short) was apprehensive when she was first informed by her supervisor that she was nominated for the OCOL award. She went through an interview and essay writing.

Yanah shared that going through the nomination process helped her appreciate and reflect on her role as a COL. It was during the preparation of the interview and essay writing that she also came to realise that her career in SPS has indeed enriched her life in many ways. As Yanah contributed to the lives of her supervisees and their families, she also felt that she too had benefitted personally through the interactions and experiences.

To Yanah, being conferred the OCOL award in 2015 was a sweet bonus. She hopes to continue to find meaning in her work and inspire others.

## KEY WORKPLAN INITIATIVES (CONTINUED)

### OPERATIONALISATION OF SCALED-DOWN MAS

The Prisons Act was amended in 2014 to introduce MAS, where selected offenders are required to comply with specific supervision conditions and attend counselling sessions during their remission period. On 6 May 2015, the first supervisee was placed on the scaled-down MAS.

### COMC DASHBOARD

The COMC Dashboard was developed as a platform to monitor and track performance and key processes, in areas such as counselling attendance, negative peer association and supervisees' employment rates. With the dashboard, COMC officers would be able to take corrective actions and address issues that are surfaced from the variables in the dashboard, and fine-tune action plans accordingly.

### IMPLEMENTATION OF THE GPS TAG

In January 2015, COMC implemented the Global Positioning System (GPS) tags for selected groups of supervisees. The GPS tags enhance surveillance capabilities by monitoring the supervisees' movements and whereabouts, including their travelling routes and frequently visited locations.

### OPERATIONALISATION OF WORK RELEASE SCHEME (WRS) FOR FEMALE INMATES

A noteworthy milestone in SPS's community corrections took place in March 2015, when LLCSC received the first batch of female supervisees under the WRS. Suitable female offenders now have this CBP option which allows supervisees to work in the day and reside at LLCSC at night, easing in their reintegration back into the community.

**ROLES AND FUNCTIONS**

**OSC MANAGES CRITICAL FACILITIES**

**AND PROVIDES KEY SERVICES TO SUPPORT THE SAFE AND SECURE OPERATIONS OF SPS.**

## OPERATIONS & SECURITY COMMAND (OSC)

# SAFETY AND SECURITY; SETTING THE BACKDROP FOR SUCCESSFUL REHABILITATION

By ensuring safety and security during daily prisons operations, OSC serves to fulfil Singapore Prison Service's (SPS's) vision of a society without re-offending through collaborating with external and internal stakeholders to create a safe and secure environment for rehabilitation.

### KEY WORKPLAN INITIATIVES

#### **SPEAR FORCE** *"Spearheading the mitigation of emerging trends"*

On enhancing the unit's operational capability, Singapore Prisons Emergency Action Response (SPEAR) Force looked into the operational efficiency of replacing the current 1-piece combat attire to a 2-piece combat attire, which provides enhanced operational efficiency by addressing potential heat stress related injuries and allows operators to be operationally ready when undertaking high and low intensity training.

Leveraging on innovation, SPEAR Force commissioned a prototype of a customised mobile device that is designed to transport individuals safely and securely over extended distances, and is also equipped with the ability to ascend and descend staircases. Subsequent to an initial prototype evaluation, the finalised mobile device would be distributed to the institutions for implementation.

#### **PRISON EXTERNAL OPERATIONS** *"Enhancing the accountability in external operations"*

Leveraging on technology, Prison External Operations (PEO) spearheaded the Body Worn Camera (BWC) initiative which provides an enhanced vigilance level to escorting officers during duties. Footages recorded can be used for learning purposes, such as capturing of vital information and post investigation purposes. A trial study of the initiative was conducted before its implementation in December 2015. Complex Escort Unit (CEU) also commissioned the Vehicle Tracking and Surveillance System (VTSS) in December 2015, which encompasses GPS tracking and video surveillance with on-board recording and storage to track and monitor prison vehicles during journeys. The VTSS control and monitoring software are integrated with a Geospatial Information System (GIS) map in transmitting real-time tracking surveillance information for live surveillance.

## UNIT HIGHLIGHTS

### US MOCK PRISON RIOT 2015

The United States Mock Prison Riot (MPR) is a law enforcement and technology experience held annually at the decommissioned West Virginia Penitentiary in Moundsville. Law enforcement and Correctional units worldwide converge to share tactical training scenarios and demonstrations, and take part in a Skills Competition.

SPEAR Force has been participating in this event since 2008 and has always taken back valuable learning experiences as well as performed well in the Skills Competition. This year was no different. A team of six SPEAR officers led by ASP Rohaizad delivered outstandingly at the Skills Competition for this event, clinching second place for the overall event as well as managing to secure the first and second positions in the individual events.

## COLLABORATION STORIES

**MX 12 MARLENE CHUA** (Correctional Rehabilitation Specialist)  
Correctional Rehabilitation Services Branch/ Psychological & Correctional Rehabilitation Division

In 2015, I had an opportunity to work with both uniformed and civilian officers in the reception committee for the Yellow Ribbon Community Art Exhibition. The reception committee's responsibilities included liaison, clearance and registration of invited guests.

The primary challenge I faced was the unfamiliarity with operational procedures. Most of my fellow committee members were also relatively new to their roles. I was humbled that our uniformed counterparts were very patient in explaining the rationale behind the protocols.

More specifically, I remember there were some issues with the security clearance of the guests one day before the launch. A few of the committee members stayed back with me after work to ensure the necessary checks and clearances were completed. Another officer who was not in the committee also offered her help. The teamwork displayed by all of us towards this common purpose was palpable, and testament to everyone's dedication in bringing the event to fruition.

I have fond memories of this collaboration, and it was the dedication of my committee members and the spirit of teamwork that inspired me and energised the work we did.

## KEY WORKPLAN INITIATIVES (CONTINUED)

Extending security beyond the prison walls, PEO collaborated with Changi General Hospital (CGH) to install cameras at CGH B1's Debussing Area and along corridors leading to B1's Holding Area. Apart from being a deterrence measure to inmates, these additional CCTVs enable all angles to be covered, to aid in any post incident investigation and management.

### CHANGI PRISON COMPLEX SECURITY

*"Enhancing a secured complex"*

Following the commissioning of an additional Vehicle Scanning System (VSS) in early 2015, Changi Prison Complex (CPC) Security further installed another two sets of Under Vehicle Surveillance Systems (UVSS) at Transit Centre. The UVSS works in tandem with the VSS and enhances the overall screening capabilities of the vehicle scanning lanes in Transit Centre. In addition, the scalability afforded by this integration of the two systems allows CPC Security to calibrate the required level of security checks during periods of heightened alert.

As part of the department's Go Green Framework, the Complex Main Entrance (CME) attained the re-certification of Building and Construction Authority's Green Mark Gold award in November 2015. Existing lights were replaced with energy-saving lights that provided better and more efficient illumination. Ventilation fans were also installed to increase the fresh air intake and improve the overall indoor air quality of the building

“ **UNITY IS STRENGTH...  
WHEN THERE IS TEAMWORK  
AND COLLABORATION,  
wonderful things  
can be achieved.** ”

MATTIE J.T. STEPANEK

## MAJOR INCIDENTS<sup>21</sup>

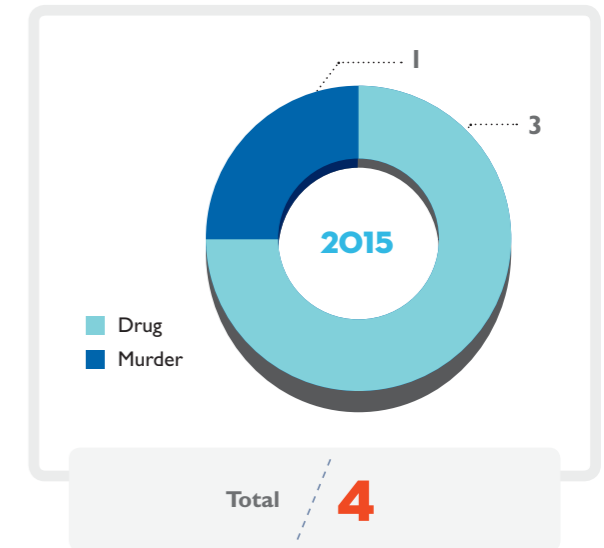

## RECIDIVISM RATES<sup>23</sup>

## CAPITAL EXECUTIONS

(AS AT 31 DECEMBER OF EACH YEAR)

<sup>21</sup> Major incidents are measured per FY as published in the annual Budget Book.

<sup>22</sup> The assault rate refers to assault cases perpetrated by inmates who are charged under aggravated prison offences. Such cases would include any attack by inmates on prison officers, or assaults by inmates on fellow inmates in which serious injuries are sustained by the victim(s).

<sup>23</sup> Recidivism Rate is defined as the percentage of local inmates detained, convicted and imprisoned again for a new offence within two years from their release.

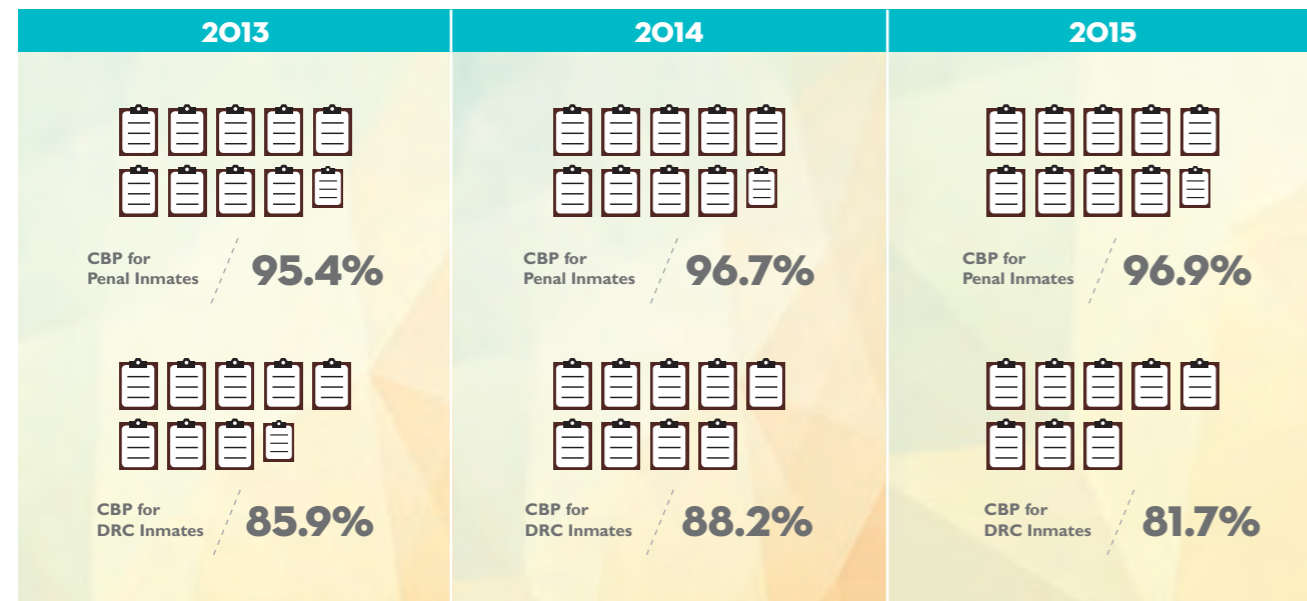

## COMMUNITY BASED PROGRAMMES

(AS AT 31 DECEMBER OF EACH YEAR)

### EMPLACEMENT NUMBERS

### COMPLETION RATES

## VOCATIONAL PROGRAMMES

(AS AT 31 DECEMBER OF EACH YEAR)

### EMPLOYABILITY SKILLS TRAINING<sup>24</sup> (YEARLY ENROLLMENT)

### WORK PROGRAMMES<sup>26</sup> (YEARLY ENROLLMENT)

<sup>24</sup> Employability Skills Training Programmes are provided by Singapore Corporation of Rehabilitative Enterprises (SCORE) to equip inmates with relevant job skills. SCORE's training system is aligned to Singapore Workforce Development Agency's (WDA) Workforce Skills Qualification (WSQ) framework. Examples of training offered include Workplace Literacy and Numeracy (WPLN), Employability Skills, Certified Service Professional (CSP) and Certified Operations Specialist (COS). Vocational skills training such as the National ITE Certificate (NITEC) in Electronics, Workforce Skills Qualification (WSQ) Operate Forklift and Certificate in Generic Manufacturing (CGM) were also conducted.

<sup>25</sup> Inmates may attend more than one training course.

<sup>26</sup> Work programmes aim to impart vocational and employability skills through on-the-job training. Discipline, and positive work ethics and values are inculcated by immersing inmates in real work environment within prisons.

## ACADEMIC PROGRAMMES

(AS AT 31 DECEMBER OF EACH YEAR)

## ACADEMIC RESULTS

(AS AT 31 DECEMBER OF EACH YEAR)

### GCE 'N' LEVELS RESULTS OF PRISONS CANDIDATES

### GCE 'O' LEVELS RESULTS OF PRISONS CANDIDATES

<sup>27</sup> Other courses include short-term courses like English literacy classes and basic education programmes (primary to secondary level).

<sup>28</sup> The criteria for promotion from Secondary 4 Normal (Academic) to Secondary 5 Normal (Academic) is an aggregate score of not more than 19 points in English Language, Mathematics and best three subjects (ELMAB3) and a Grade 5 or better for both English Language and Mathematics.
